

Fresh Produce & • Seasonal export windows

What's inside:

- Product portfolio (categories, varieties, origins, packaging)
- Export season calendar (12-month view)
- Notes for EU buyers (shelf life, storage temperature, certifications)

Market focus: EU (Importers • Wholesalers • Retail programs)

Quality & Logistics Commitment

- We follow strict quality processes (specs, inspections, and cold-chain compliance).
- Through our network, we work with reliable certified growers and accredited packinghouses.
- We supervise shipments from origin up to departure and monitor arrival at destination ports/airports.
- Packaging & private label solutions available on request.

EU BUYER NOTES

- Export seasons are indicative and can vary by region and year.
- Always confirm: residue compliance (MRLs), phytosanitary requirements, and cold chain integrity.
- Suggested certifications: GlobalG.A.P. (often required), GRASP (retail programs), SMETA/BRC (by buyer).
- Use CALENDAR sheet for program planning and PORTFOLIO for commercial discussions.

QUALITY & LOGISTICS

- Our team follows defined quality processes and controls along the supply chain.
- We collaborate with certified producers and verified packinghouses via our trusted network.
- We coordinate and track shipments up to departure and on arrival at the destination port/airport.
- Packaging options are customizable on request (cartons, punnets, labels, private label).
